Alexandria Gazette 27 May 1856

VALUABLE WOOLEN FACTORY AND MERCHANT MILL FOR SALE – The undersigned, offer for sale, on accommodating terms, “the BUCKLAND WOOLEN FACTORY,” situated in the Village of Buckland, Prince William County, Virginia thirty-five miles from Alexandria, three miles from Gainesville, a depot on the Manassas Gap Railroad, and eight miles from Warrenton, the County seat of Fauquier. The main building of the Factory is 60 feet by 40 feet, and attached to this is a large and convenient Dye House, Store Room, Office &c. The machinery is all of the most approved kind, and over 60,000 yards of goods can be easily turned out per annum. The water power is a very valuable one, and the business can be largely increased with but little outlay, as the building is a large enough to hold double the amount of machinery now used, and the water power sufficient to drive it. In addition to this they will sell their FLOUR MILL, a large FRAME BUILDING, three stories high, with three pairs of burrs, and all other necessary machinery in good order. This MILL is situated about fifty yards below, and driven by the surplus water from the Factory. Should any one purchasing the Mills desire it, they will sell about ONE HUNDRED AND FORTY ACRES of valuable land attached; also several HOUSES and LOTS in the Village. For further information apply either in person or by letter to us, or to Robert H. Hunton, Alexandria, Va. If the above property should not be sold by the 1<sup>st</sup> of August next, we will lease it for a term of years.
