Governors Executive Papers – William Smith

Fauquier County, Va.
January 15th 1847

Dear Col.

A request is made of me by the faculty of Saint College Missouri for all the data respecting my unfortunate and afflicting career during the last 15 months. The circumstances respecting my trial, and pardon by the Executive, in order to make them the subject of a published narrative.

To comply with this request place me in the necessity of troubling you to procure me, from the executive department copies of the petitions to the executive to wit. That of the 4th Street Church Saint Louis – That of the Church in Warrenton – The statement &c. of Col. J. M. Mason and the petition signed by about 1000 of my neighbours & acquaintances residing about Morrisville, Walnut Branch, Greenwich and their surrounding neighbourhoods. I do not desire a copy of the names appended to these petitions, except those of the two church petitions which are very few, simply the officers of the churches.

There are other petitions which were laid before the Executive, still more important than the above, but of them I retained copies & of course do not desire them to be copied and sent to me.

Please hand or send the enclosed to William Smith Esq. the Governor. And if it should not be compatible with your entire convenience to attend to the above request please impose the task on Mr. J. W. Tyler or some other friend. Whatever costs may be encountered shall be promptly refunded.

Very Respectfully your friend
& obedient servant
T. B. Warder

P. S. If it be in your power to obtain those papers soon please enclose them to me at Buckland.

T. B. W.

Governors Executive Papers – William Smith

Dear Sir,

By request I herewith enclose the certificates of two County Surveyors as to the qualifications of William W. Monroe who hath been recommended to the Executive by the County Court of Prince William as fit and proper person to be commissioned as County Surveyor for Prince William County; and I am also requested to say that our late county surveyor G. Washington has vacated his office by moving from the State of Virginia to the State of Ohio.

Most Respectfully
Your Obedient Servant
J. Williams, clerk of
Prince William County Court

I hereby certify that I have this day examine Mr. William W. Monroe of Prince William County, on his theoretical, and practical, knowledge of surveying. I am satisfied with his theoretical knowledge of the art. I believe he requires only practice to make him a good surveyor.

Given under my hand this third day of April 1847
Charles Kemper S. F. C.

Mr. William W. Monroe of Prince William County appeared before me this day and was examined upon the theoretical and practical part of surveying. His theoretical knowledge of the art is satisfactory; He requires only practice to make him a good surveyor.

Given under my hand this third day of April 1847
William Barber S. S. C.
