

Prince William County Clerk's Loose Papers
Bridge Application 1900s

To the Honorable Board of Supervisors of Prince William County

We the undersigned citizens of Prince William County respectfully petition you to have erected across Slaty Run on the main road leading to Aden and Kings cross Roads a suitable bridge. The floor of the same to be not less than ten feet above the bed of the stream and of suitable length and width. Said bridge would greatly lessen the grade of the hill and be a great improvement to the road.
